“Taking Back Our Place by Greening Our Space”

Interested in displaying posters or exhibits?

Contact Rombel Arquines by **May 10th** at arquines.rombel@epa.gov

Thursday, May 16, 2013

1:00 pm – 8:30 pm

Academy of Natural Sciences

1900 Ben Franklin Parkway

Philadelphia, PA 19103

At the Academy’s May Urban Sustainability Forum, join us to consider how to make green space more accessible in our city, particularly in traditionally underserved communities. The afternoon session consists of workshops on perceived safety in open spaces, as well as beautification’s impact on cultural preservation. The evening session offers a panel providing an open conversation on the transformation of public space to best serve our communities.

Register for **free** - Come for part or all of the day!
