Meet and mingle with our staff and clients while enjoying catered food after a presentation about our work helping tenants stand up for themselves when landlords fail to provide safe housing. Hear directly from several of our recent clients about their personal stories.

This year, the Public Interest Law Center is looking back on 50 years of fighting for justice. To celebrate this milestone, we are hosting a series of events throughout the year highlighting our history, our work today, and our plans for the future.

Thank you to our presenting sponsor: Tactix Real Estate Advisors, LLC.
